November 2022 General Meeting

Out of This World - Introduction to Radio Astronomy

Come join us on November 2nd to listen to Bob Stricklin, N5BRG, a director of SARA (The

Society of Radio Astronomers), as he explains the many activities of this branch of ham radio. Examples of the activities include solar and galactic radio astronomy as well as meteor detection. The presentation will include suggestions for inexpensive ways to get started in this field.

First licensed in 1969, Bob is a retired engineer and has been active in SARA, a world-wide organization, for over ten years. In addition to being a SARA director, Bob is also active the North Texas Microwave Society (NTMS), TAPR, AMSAT as well as being an ARRL Member.

This will be a hybrid Zoom/ In person meeting. Bob will be presenting from his North Texas QTH.

Expand your ham radio horizons! See you on November 2nd!

Meeting ID: 987 3689 7490

Passcode: 001960

Upcoming Events

Radio Safety Needed at Cuyamaca 50 Mile Run

Check out the following video from the October hill climb event, 15 HAMs supported the safety of this event!

Saturday, December 3, 2022 -- ABC50

A few more hams are needed to add depth to the bench for the Anza Borrego Cuyamaca 50 Mile Run (ABC50) on Saturday, 12/3/2022. Hams track runners as they move along the event course which stretches across the Cuyamaca and Laguna Mountain Ranges down to the desert floor near Shelter Valley.

New hams are welcome. No experience required. All Aid Stations are covered already with at least two experienced hams. The hope is to increase staffing at each aid station to give more hams field operating experience. Shifts are available from the early morning to the late evening.

For more information or to volunteer for this backcountry communications adventure, contact the ham leader for the ABC50 event, Marty AF5T <mlatterich@gmail.com>.

Saturday, November 12, 2022 - OFD Flag Retirement

Join the Oceanside Fire Department Honor Guard for a Flag Retirement Ceremony to be held at the Fire Training Center, 110 Jones Rd. Oceanside, CA. If you haven't attended an event like this before, I can highly recommend it. There will be boy scouts and girl scouts in attendance, live music, and food.

President's Report

Fellow HAMs,

With the holidays fast approaching, the club turns our eyes to the makeup of your Board of Directors for next year. We have an announcement later in this newsletter containing the slate being offered by your nominating committee, which we will vote on at the December meeting.

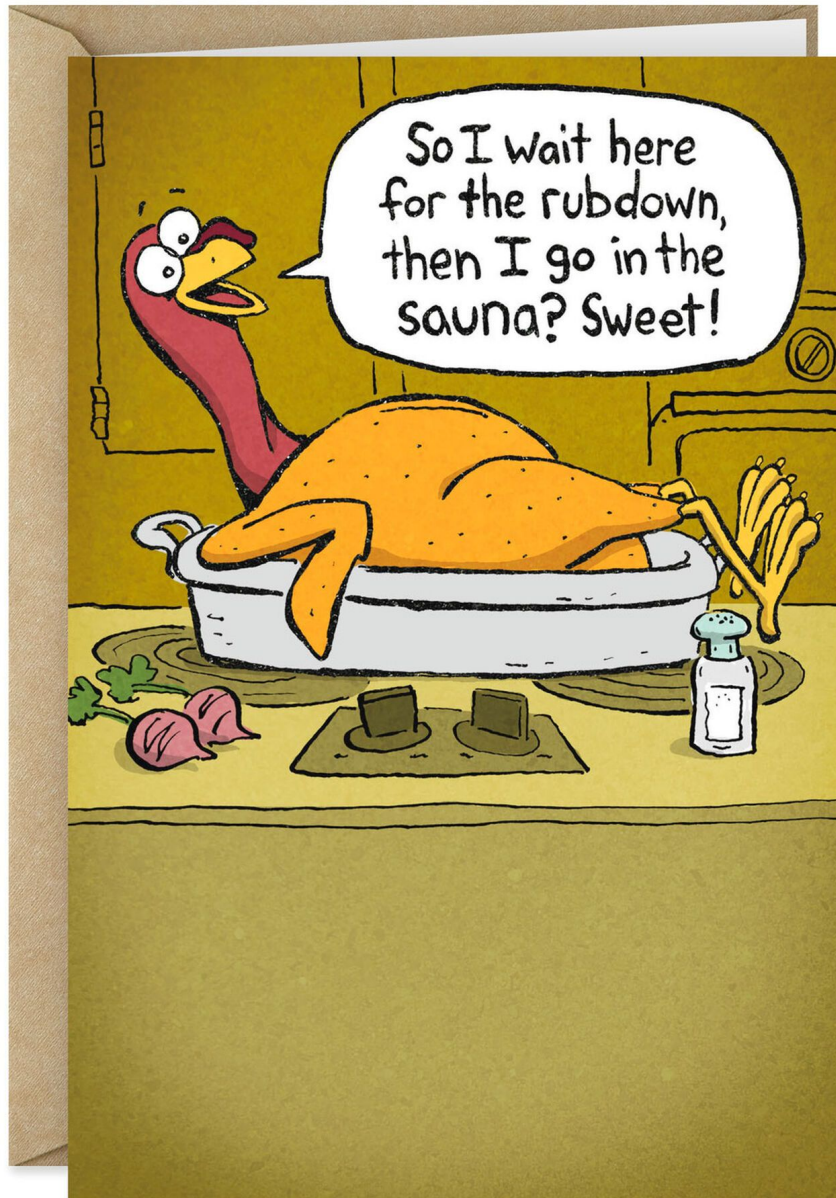

I hope you all have a great wrap-up of the last two months of 2022 as we prepare for 2023 and lots of exciting updates on the mountain!

If anyone visited the MOVE truck or other events, please send photos and short (or long) write-ups of your adventures throughout the month over to scope@palomararc.org so we can all know what is happening.

We are still asking for responses to our survey announced last month to find out what level of interest and ability our members have, please take a moment to fill out this quick two-question survey: <https://www.surveymonkey.com/r/QJCQFPB>

IT Appears By Spears

It is November and I can't resist a few Thanksgiving puns.

- More rolls? You butter believe it!
- There's no more gravy left, and I'm suspecting fowl play.
- You think Thanksgiving dinner is done? You ain't seen stuffing yet.
- Yes we pecan.
- Hand me the gobble-lets so I can pour the wine.
- Can you turn on some Plymouth Rock in the background while we do dishes?
- Let's give 'em pumpkin' to talk about.
- No fowl language is allowed at dinner.

- Where'd you find this recipe? Google, Google?
- Feast your eyes on this meal!
- You're the apple of my pie.
- You want a piece of me?
- I have a crust on you!
- Whip, whip—hooray!
- Winning the wishbone is a snap!
- I'm riding the gravy train to being stuffed.
- Don't let the holidays gobble up your sanity.
- Let's get basted!
- If our turkey was in a band, he'd play the drumsticks.
- Sorry my Thanksgiving puns are so corny

73,

Keith KM6CXW

**I'm searching for club members willing to become Ambassadors
to new members!**

I learned about the the Palomar Amateur Radio Club because I responded to Charlie/NN3V's call on the 146.730 MHz repeater after getting my Technician license. He told me about how a group of Hams in Poway have breakfast every Saturday morning at the Hamburger Factory in Old Poway Park. He invited me to join them. He also told me about PARC and when and where they met.

I joined at my first meeting in June 2013. The person running the meeting that evening probably asked if anyone was visiting and I probably stood and gave my callsign. I don't remember anyone coming over that evening to say "Hi, I'm <your name here>. Welcome to PARC, do you have any questions? What aspect of Ham radio are you interested in?"

Well, I didn't go back to another meeting till almost two years later. At that meeting, the was an announcement that the membership chair (Al Donlevy) needed help doing that job. I volunteered. I think Al had done that job for quite a number of years. About three weeks later, Al said, "You seems to really understand this stuff. Would you like to just take it on?". As someone used to say, "and the rest is history!"

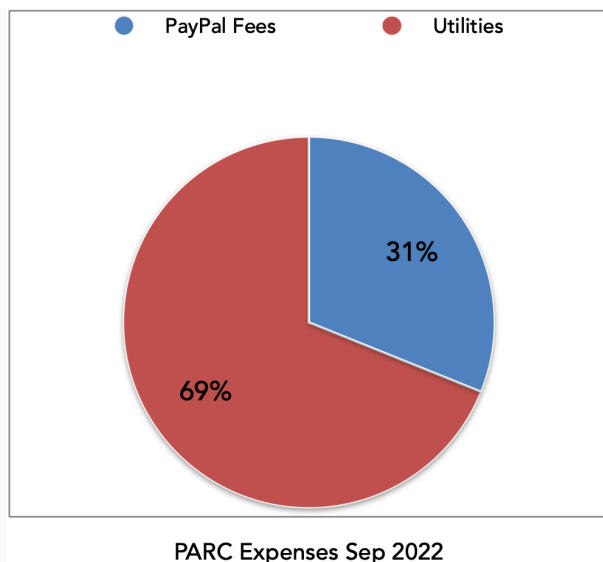

So, are you willing to become a contact point for at least one new club member? Someone to ask those questions and let them know they have a connection point to the club with a face.

QSL?

Glen AI6RR – PARC Membership Chair
